

Objective

Career-changer with a background in arts and music education, now pursuing a career in software development and quality assurance. Experienced in UI/UX design, front-end development, and QA testing with Python, JavaScript, and modern web technologies. Skilled at adapting quickly to new challenges, collaborating in agile teams, and applying creativity to problem-solving. Passionate about building user-centered digital solutions and contributing to innovative, quality-driven projects.

Experience

Software Development Intern - Flo Labs R&D Sep 2025 - Present

- Designed and implemented 10+ UI/UX features, improving engagement by 50% using HTML, CSS, JavaScript, PHP, and TypeScript.
- Supported back-end development with Python (FastAPI).
- Assisted in QA testing and documentation to ensure product quality.
- Reduced bug turnaround time by approximately 20% through structured QA testing.

LLM Trainer (Portuguese & English) - Remote Aug 2024 - Present

- Reviewed and corrected AI-generated prompts and responses.
- Ensured linguistic accuracy and cultural relevance in both languages.

Music Educator (Voice, Piano, Violin, Viola) - Various Institutions 2018 - 2025

- Delivered lessons across multiple instruments; strengthened communication, adaptability, and teamwork for agile software teams.

Hospitality - Cook & Baker Roles 2016 - 2018

Cantinho do Avillez - Gleba Moagem e Padaria - Lagoas Park Hotel

- Food preparation, pastry, and bread-making; developed precision and time management.

Technical Skills

Frontend Development

- HTML5
- CSS3

Design & Layout

- UI/UX Design
- Responsive Design

- JavaScript (ES6+)
- React
- Next.js

- Wireframing
- Accessibility (WCAG)
- Component Systems

Tools & Workflows

- Git / GitHub
- GitHub Actions
- QA Testing
- Postman
- Python Automation
- Supabase

Key Skills

JavaScript

React

Next.js

UI/UX Design

Responsive Design

QA Testing

API Testing

GitHub Actions

Python

Supabase

Projects

Automated QA Test Suite (Python / Pytest)

- Validated API endpoints, reducing manual testing time by approximately 30%.

Responsive Portfolio Website

- Built with HTML, CSS, and JavaScript; deployed on GitHub Pages with CI/CD via Actions.

Courses & Certifications

- Python Software Language - Programming Hub (Aug 2025 - Present)
- Fundamentals of Quality Assurance Engineer - Udemy (Jul 2025)
- Foundations of Software Testing and Validation - University of Leeds (Jul 2025)

Education

Diploma in Viola d'Arco (8th Grade) - Final 16/20

2006 - 2018

Intensive training in viola, voice, choir, and chamber/orchestral performance.

Kitchen Management & Production (Level V) - Final 16/20

Escola de Hotelaria e Turismo de Setubal · 2015 - 2016

Science & Technology Track (Biology & Geology) - Final 15/20

Escola Secundaria de Vergilio Ferreira · 2013 - 2015

Key Strengths

- **Communication** - strengthened through teaching and mentoring.
- **Adaptability** - rapid learning across disciplines and technologies.
- **Problem-Solving** - from instructional design to debugging and QA.
